

**Associate Attorney – Parnall and Adams Law**      \$60,000 - \$250,000 per year with benefits

We are a boutique law firm, which means that being a team player is a must.

Our firm is truly dedicated to helping others. Most of our work is geared towards - wrongful death, personal injury, premises liability, and Indian Law. Advocating for those that are treated unfairly by people, society, and businesses must be an area of passion.

Trial experience involving these cases would be a bonus but isn't required. Attorney must have worked with experts, done depositions, and know how to civilly prosecute a case.

Great opportunity to be a part of a small compassionate firm, with the ability to work on some big cases. Email resume and letter of interest to [david@paralladams.com](mailto:david@paralladams.com).
